

ATPL Program Course 1 2017

23rd January - 15th March 2017

Schedule

Never Stand Still

Faculty of Science

School of Aviation

Classes commence at 8:30am and finish at 3.50pm. The schedule is shown below.

	Monday	Tuesday	Wednesday	Thursday	Friday
Week 1 (23/01/2017)	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems
Week 2 (30/01/2017)	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems	AASA Aerodynamics & Aircraft Systems
Week 3 (06/02/2017)	AMET Meteorology	AMET Meteorology	AMET Meteorology	AFPA Flight Planning	AFPA Flight Planning
Week 4 (13/12/2017)	AFPA Flight Planning	AFPA Flight Planning	AFPA Flight Planning	AFPA Flight Planning	AFPA Flight Planning
Week 5 (20/02/2017)	AFPA Flight Planning	AFPA Flight Planning	AFPA Flight Planning	APLA Performance and Loading	APLA Performance and Loading
Week 6 (27/02/2017)	APLA Performance and Loading	APLA Performance and Loading	AHUF Human Factors	AHUF Human Factors	
Week 7 (06/03/2017)	AHUF Human Factors	ANAV Navigation	ANAV Navigation	ANAV Navigation	ANAV Navigation
Week 8 (13/03/2017)	ALAW Air Law	ALAW Air Law	ALAW Air Law		

***Note:** no public holiday on 26 January 2017 for students and staff.

Subject	Delivered By
AASA Aerodynamics and Aircraft Systems	Roy Kelly
ANAV Navigation	Phil Rosen
APLA Performance and Loading	Phil Rosen
AMET Meteorology	Roy Kelly
AHUF Human Factors	Phil Rosen
AFPA Flight Planning	Jeremy Andrews
ALAW Air Law	Phil Rosen

Students are required to bring the following to class:-

- Full set of AIP (including DAP East and West)
- ERC High / ERC Low / TACs
- CASR / CAR / CAO
- B727 Manual (may be purchased from Airservices Australia or Concept Aviation)
- Navigation Computer (Recommended type AFR industries CR-6, Concept Aviation)
- Dividers and protractor
- Calculator
