Aviation Orientation Day 2011

Dear First Year Student,

Welcome to the School of Aviation at UNSW. The program you are about to begin is the start of a great adventure, which hopefully leads to a successful career within aviation.

At this stage, graduation seems a long way off and the whole concept of University may seem somewhat daunting. That is why we have put together an Orientation Day for Aviation. Our aim is to let you know what to expect, including where to be and when, and more importantly, what you should know about the aviation industry and how you can fill in the gaps. There will also be a tour of Sydney Airport. (For security reasons you must bring with you on the day your photo ID such as Driver’s License, Passport, RTA Proof of Age Card)

The Orientation Day is to be held from 09:00 to 16:45 on Monday 21st February in the Rupert Myers Theatre. Please bring pens and paper with you on the day. All students are required to attend, as this day is integral to your studies. If you are unable to attend, you must let us know in writing before Friday 18th February.

We look forward to seeing you there.

Prof. Jason Middleton
Head of School
