Providing a new pathway to UNSW for Australian Citizens and Permanent Residents in 2013

Australian Citizens and Permanent Residents are now eligible to enter UNSW after successfully completing a UNSW Foundation Studies (UFS) program.

Students must have academic potential and meet any of the following criteria:

- Completed part of their education overseas, and/or
- Under-performed in their HSC (or a similar international high school qualification) as a result of;
  - a disrupted education background or poor subject choice
  - an ESL background

As a guide, the minimum entry requirement for our UFS Standard Program is an ATAR of 65 and for our UFS Transition Program an ATAR of 75.

Minimum mathematics and science requirements apply to Commerce and Science streams of study.

On a case-by-case basis we may offer our 12 month Standard Plus program to students who do not meet the Standard Program entry requirements.

If you believe you fulfil any of the above criteria and have missed out on direct entry to UNSW, please submit an application now.

All applications will be assessed carefully. We also encourage students to submit previous school reports and a letter of recommendation from their Careers Advisors or teachers to support their application.

For further information and assistance please contact UNSW Global Student Services on admissions@unswglobal.unsw.edu.au or on 9385 5396.
Have you completed high school and want an advanced fast track to undergraduate studies at the University of New South Wales?

Have you just missed out on direct entry to UNSW?

Enrol now in our successful Transition Program - a 4 month University Preparation Program offered by UNSW Foundation Studies.

The Transition Program

UNSW Foundation Studies offers a special stand-alone, one semester Transition Program for students intending to study university degree programs in Engineering, Science or Business. The Transition Program is also open to Australian citizens and permanent residents with an international educational background and is taught on campus at the University of New South Wales, Australia’s leading international university.

Our highly regarded Transition Program has been in operation since 2007. More than 90% of students have successfully completed the program, progressing to undergraduate degrees at the University of New South Wales.

Benefits of the Transition Program

» fast track your academic career into UNSW
» excellent academic preparation for university
» gain confidence studying in Australia
» taught on campus at UNSW in Sydney
» choice of three streams of study allowing entry to UNSW Semester 1 and 2 undergraduate degree programs.*
UNSW Foundation Studies

UNSW Foundation Studies is celebrating more than 23 years as Australia's leading provider of university preparation programs that offer students a university entry qualification and the necessary skills and knowledge to be successful in their future academic studies.

UNSW Foundation Studies offers students

» a university entry qualification
» an excellent preparation for undergraduate study
» a modern teaching building with student recreational areas and a courtyard café
» full use of all UNSW facilities including a state-of-the-art library and science labs
» our own residential College 5 minutes walking distance from UNSW campus.

English Language Minimum Entry Requirement

IELTS 6.0 or equivalent (with consistent individual scores)
Cambridge AS level English Language - C grade
HKDSE English – grade 3
