UNSW Aviation

Postgraduate Student Guide

Grad Cert, Grad Dip and MSc Tech (Aviation)

Semester 2, 2010
Enrolment

Every student must enrol in at least ONE course each semester unless he/she is on approved study leave or qualified for graduation. If you wish to apply for study leave for Semester 2, 2010, you will have until the 31st of August to do so to avoid financial penalty.

Students who apply for leave after 31st August will have to pay the fees for the courses and may be academically penalised. If you wish to apply for study leave, please complete a Program Enrolment Form. This form is also available online at https://my.unsw.edu.au/student/academiclife/ProgramEnrolmentVariationFor m.pdf

Be aware if you are not enrolled into any courses in any given semester nor are you on approved study leave, the university will cancel your enrolment. It is your responsibility to ensure that you are enrolled at the start of every semester and that your enrolment is correct.

Semester 2, 2010

Semester 2, 2010 runs for a total of 15 weeks i.e. 12 weeks of the normal teaching period, 1 week for mid-semester break, 1 study week and 1 exam/final assessment week.

Courses (UNSW does not use the term "subjects") worth 6 Units of Credit (UoC) runs for 12 weeks while 3 UoC courses run for 6 weeks of the semester.

6 Units of Credit courses starts on 26 July (Week 1).
3 Units of Credit courses starts on 16 August (Week 4).

If students wish to do two 3 UoC courses, they must undertake them concurrently, the courses cannot be done one after the other in the same semester.

Students who are working full time should enroll as a part-time student undertaking 1 or 2 courses (maximum 12 UoC) per semester only. Recommended study time is 8-10 hours per week per course. Do not overload yourself by enrolling in too many courses.

Postgraduate Aviation Calendar & Key Dates

The Postgraduate Aviation Calendar can be found at the end of this guide. This calendar is slightly different to the official University calendar. So please make sure you refer to the Postgraduate Aviation Calendar through out the semester.
Please note the important key dates outlined in the Aviation Calendar such as:

- 25 Jul: Last day to enrol in all Semester 2 courses
- 31 Aug: (Census Date) Last day to discontinue Semester 1 courses without financial and academic penalty
- 31 Aug: Last day to finalise arrangements for FEEHELP
- 5 Sep: Last day to discontinue Semester 1 courses without academic penalty.

For more information on key UNSW dates, please visit myUNSW at https://my.unsw.edu.au/student/resources/KeyDates.html

**Delivery of Courses**

**UNSW Blackboard (formerly known as WebCT)**

http://telt.unsw.edu.au/

Delivery of the postgraduate Aviation courses is through a web-learning management system called UNSW Blackboard (BB9). Students can access the login page via www.telt.unsw.edu.au. You will need to use your username (your student ID e.g. z1234567) and zPass to access BB9.

This website is where all learning and teaching happen. It allows students to download course notes, submit assignments, contact facilitators, participate in discussion forums, complete student survey, and get supports and other resources.

Students are to work/read through the study material as required.

A UNSW Blackboard - Student Getting Started Guide is attached to help you familiarise this system. More student support can be found at http://support.telt.unsw.edu.au/blackboard.

If you encounter any BB9 problems, please contact UNSW IT Service Centre via email at ITServiceCentre@unsw.edu.au. It is encouraged that students print their own study notes from BB9. However if you cannot print the course notes yourself and would like to order a printed course manual, please email me for an order form. The cost per course manual is AUD$150. Students who choose this option must still log into BB9 regularly for extra readings, videos, tutorial questions or submissions of assignments. Please note, the printed course manual may not arrive to you before Semester starts.

**Course Access Dates**

Students can access their course notes through BB9. Course notes are released in stages.
For 6 UoC Courses, the Course Units are released in 3 stages:
Unit 1-4: releasing on 12 July or 2 days after course enrolment
Unit 5-8: releasing on Week 5
Unit 9-12: releasing on Week 7

For 3 Units of Credit courses, the Course Units are released in 2 stages:
Unit 1-3: releasing on Week 1
Unit 4-6: releasing on 1 September

Course access end date is 21 November. After this date students cannot longer access the courses. So please ensure you download any course notes to your local computer.

**Assignment Submission**

Assignments are to be submitted for marking on dates as specified in the course notes.

Students should always submit their assignments through BB9’s Turnitin Submission Box unless advised by the facilitators. All submitted assignments must have an “Assignment Coversheet” attached to the front of it. These coversheets are available on BB9 under Resources page. Assignments submitted without a coversheet may not be marked.

Unless otherwise stated the assignment submission date is 11:59pm on Sunday of that week (AEST). If in doubt please contact the course facilitator.

If you require an extension to assignment submission dates, you are to make a formal request to the course facilitator by email. Extensions to submission dates are not guaranteed and students should not assume that they will be given one. Due to students being situated in various places around the world in different time zone, we will not be holding scheduled “on-line” classes but course facilitators are readily contactable via email and where necessary telephone.

**Student ID and zPass**

All students enrolled at UNSW are given a Student ID and zPass. Your student ID/number is in the form of “z1234567”. Your zPass is an alphanumeric figure that along with your student ID will give you access to your myUNSW account, BB9 and UNSW zMail account. If you do not have a zPass, you can obtain one via http://www.it.unsw.edu.au/students/zpass/index.html

Please contact the UNSW IT Service Centre if you have any technical problems:
Telephone: +61 2 9385 1333
Email: ITServiceCentre@unsw.edu.au
MyUNSW – https://my.unsw.edu.au/

MyUNSW is your gateway to the administrative and information services you need throughout your studies. MyUNSW services include:

- Enrol and drop courses each semester
- Update your contact details, such as mailing address, phone number and maintain your personal data online
- Pay and view fees
- View assessment results and academic standing
- Academic records

Students will need to log into their myUNSW accounts regularly to ensure that contact details and course enrolments are correct for each semester. The University will update student financial statements soon, students will be able to view their liability via myUNSW. If you have any fee related queries. Please contact the UNSW Fees office on +61 2 9385 3157 or fees@unsw.edu.au

zMail (formerly known as UniMail) – https://zmail.unsw.edu.au/

All students enrolled at UNSW are provided with a UNSW email account. You will need to set up this account after you have enrolled. It is important you check your University email address regularly or arrange to have this forwarded to an account that is checked often. Official communication from the University will be sent to this account. It is your responsibility to ensure that you check this account regularly.

Your email address will take the form of “z1234567@student.unsw.edu.au” where “1234567” is your personal student ID number. Your student ID (with prefix “z”) along with your zPASS will allow you to access your zMail.

If this is the first time you use zMail, you will need to activate and set up your zMail account. This activation requires obtaining an initial Windows Live ID password. Please go to [http://www.it.unsw.edu.au/students/zmail/index.html](http://www.it.unsw.edu.au/students/zmail/index.html) to find out how to set up your zMail. You can also create aliases for your email, i.e. rather than it being in the form of z1234567@student.unsw.edu.au, you can create an alias such as jamie.lim@student.unsw.edu.au.

Please note that the University will only send emails to your zMail account and not personal email. UNSW staff have the right not to respond to emails sent from your personal email.

When emailing the University, course facilitators or administrators, please ensure to state your full name and student ID.
Student ID Card

Students can get their Student ID Cards from UNSW FM Assist. FM Assist can mail student ID Cards to you. Please contact them via http://www.facilities.unsw.edu.au/fm-assist/id-cards-and-building-access/

FEE-HELP

Eligible students wishing to apply for Commonwealth financial support – FEE-HELP – have until the 31 August to do so. Information regarding FEE-HELP can be viewed via the financials section of their myUNSW accounts. When you log into your myUNSW, click the tab at the top of page titled “My Student Profile” and “Commonwealth Government Forms. Scroll down and select "Update" to start the application process. Further information about FEE-Help can be found at https://my.unsw.edu.au/student/fees/FeeHelp.html

UNSW Library

Apart from the prescribed course materials, students are required to research information from other sources. The UNSW Library is a great starting point to begin researching different topics http://www.library.unsw.edu.au/ There is a brief outline on how to search for both texts and e-journals at the UNSW Library under UNSW Blackboard Resources page. UNSW Library invests in many electronic resources and made those available for enrolled UNSW students. You can find useful electronic resources such as academic journals through Sirius. For information on how to use Sirius please go to http://info.library.unsw.edu.au/skills/howto/sirius/sirius.html In addition to these information, if you have any questions regarding Library services, you can contact Rachel Lawson, the Acting Team Lead, Outreach Librarian on:
Phone: +61 (2) 9385 2680
Email: rachel.lawson@unsw.edu.au

Learning Centre

The Learning Centre offers academic skills support to all students enrolled at The University of New South Wales - http://www.lc.unsw.edu.au
Of importance towards your studies at UNSW, that are available through the Learning Centre’s website, is the “Online Academic Skills Resources” and the “Plagiarism & Academic Integrity”. These online pages are self explanatory and it’s recommended you spend some time reading through this material. As a guide, we recommend that students use the APA (American Psychological Association) Referencing System.
✦ Online Academic Skills Resources – http://www.lc.unsw.edu.au/olib.html
Plagiarism & Academic Integrity –
http://www.lc.unsw.edu.au/plagiarism/index.html

American Psychological Association Referencing System -
http://www.lc.unsw.edu.au/onlib/ref_apa.html

Need Help?

If you need any help throughout your studies, please do not hesitate to contact the Postgraduate Programs Coordinator at UNSW Aviation, Jamie Lim. She can be contacted via the following methods:
Email: aviam@unsw.edu.au
Phone: +61 2 9385 6767
Fax: +61 2 9385 6637
Postal Address:
Department of Aviation

^ Students who completed AVIA5017 are excluded from undertaking AVIA5018 and vice versa.
* AVIA5020 is a compulsory course for students enrolled in the MScTech (Aviation) program.
† Students are recommended to complete AVIA5314 prior to undertake AVIA5022.
# Students are free to do both AVIA5312 and AVIA5313 but only one course (i.e. 3 UoC) is permitted to count towards the award of your program.
UNSW AVIATION POSTGRADUATE  
FEES STRUCTURE FOR 2010

**Important note:** The International and Local fees are for 2010 courses. All fees quoted are in Australia Dollars ($AUD). Permanent Australian Residents and Australian Citizens fees are based on a cost per unit of credit of AUD$445.00. International students fees are based on a cost per unit of credit of AUD$545.00.

---

**Academic Fees**

<table>
<thead>
<tr>

<th>International Students</th>
</tr>
</thead>
<tbody>
<tr>
<td>For each 3 Units of Credit course</td>
<td>$1,335.00</td>
<td>$1,635.00</td>
</tr>
<tr>
<td>For each 6 Units of Credit course</td>
<td>$2,670.00</td>
<td>$3,270.00</td>
</tr>
</tbody>
</table>

**Student Activity Fees**

Previously, students enrolled into Postgraduate Aviation Distance Coursework programs were not required to pay the University Union entrance fee, University Union, Sports Association fee and Student Guild fees. They were only required to pay the Miscellaneous fund activity fee (approx. AUD$40.00). Under the new Voluntary Student Union bill, students will not be required to pay any student/activity union fees. This means that students will only pay the applicable tuition fee.

For further information, please visit the UNSW Tuition Fee Schedule webpage: https://my.unsw.edu.au/student/fees/ScheduleTuitionFees.html

UNSW Library services for PG COURSEWORK STUDENTS

Access a range of services to help you:
- **identify** the information that is required for research
- **find** the best information to support your research
- **use** the information you find more effectively

**LEARN ABOUT RESEARCH SKILLS**

**ELISE Advanced**
This tutorial helps define research needs and assists in developing a search strategy. Improve your ability to identify, define and analyse your information needs and better understand the ethical use of information.

**FINDING WHAT YOU NEED**

**Subject Guides**
Designed as a starting point for research, these guides bring together core resources for specific areas of research e.g. Nanotechnology, Forensic Psychology.

**ELISE Plus**
- builds on many of the skills learned in ELISE | UNSW Study Skills Tutorial
- introduces advanced skills for searching the Catalogue, databases and evaluating scholarly content
- provides guidance with referencing

**NEED MORE HELP?**

**Research Consultations**
A personalised research consultation can help you:
- look for topic related information
- refine your search strategy
- find relevant resources
- locate and retrieve information

Need to ask a question or get help using Library resources? Visit our website at info.library.unsw.edu.au

**OTHER SERVICES**

**Interlibrary Loan service**
Access research material not held at UNSW Library by making an Interlibrary Loan request via the Catalogue.
OPTIMISE YOUR VALUABLE RESEARCH TIME

Research Consultations provide customised RESEARCH SUPPORT ... 

- Do you know where to start looking for materials related to your topic?
- Are your search strategies effective?
- Have you found all the relevant sources for your research topic?
- Do you know how to get the sources you have identified?

If you answered NO to any of these questions, a Research Consultation could be the answer.

Contact your Outreach Librarian or visit our website at info.library.unsw.edu.au

Introduction

This document has been prepared to assist students enrolled in courses using UNSW Blackboard for online learning. It introduces you to the Blackboard menus and navigation so you can find your way around and understand the structure of a Blackboard course.

What is UNSW Blackboard?

UNSW Blackboard is an online learning management system (LMS) that is used in some UNSW courses that are taught either fully or partially online. It runs on the Blackboard Learn version 9 software.

In 2010 UNSW Blackboard is replacing My eLearning Vista as the primary online learning application for most courses. A very small number of courses will remain in My eLearning Vista for first semester only. Some courses, primarily in Engineering, will be piloting an alternative system called Moodle. Your lecturers will advise you if one of their courses will be using Vista or Moodle.

Resources to Help Me Use Blackboard

This guide is a very brief introduction to the Blackboard user interface. Detailed support for learning to use Blackboard is available from:

- This support site is also available via the TELT tab available once you have logged into Blackboard. From the TELT Gateway site you can click on Go to UNSW Blackboard support.
• The **User Guides** tab available once you have logged into Blackboard. This is where you will find a link to the *Blackboard User Manual* plus links to other support resources.

![Image of Blackboard Home page with User Guides tab highlighted]

**Figure 1.3**

• The **Blackboard Student Orientation Course** that any user can self-enrol into as a student via the link on the Blackboard Home page or from the User Guide tab. This is a site where students can explore and try out all the Blackboard tools.

![Image of Blackboard Student Orientation Course]

**Figure 1.4**

---

**What Do I Need to Access UNSW Blackboard?**

To view your Blackboard courses you will need to have a:

- login account that consists of a UNSW zID and zPass
- computer with Internet access
- web browser installed with Java, JavaScript and cookies enabled in the browser settings.

You will find more details about configuring your browser settings in the **Technical Support Information** page on the Blackboard Support site at [http://support.telt.unsw.edu.au/blackboard](http://support.telt.unsw.edu.au/blackboard).

---

**Logging In to UNSW Blackboard**

Log in to UNSW Blackboard via the TELT (Technology Enabled Learning and Teaching) Gateway:

- Go to [http://telt.unsw.edu.au](http://telt.unsw.edu.au)
- Click on the **Login to UNSW Blackboard** link
- Enter your Username and Password and click the OK button
- Your username is your UNSW zID
- Your password is your zPass
zPass is not the same as UniPass that you may have been using for other services. It is a new password system that is gradually being introduced across all IT services at UNSW. Visit the zPass for Students page at http://www.it.unsw.edu.au/students/zpass/index.html for information about zPass and how to activate it.

Login Troubleshooting

Locked accounts

When entering your zPass be aware that three incorrect login attempts will result in your account being locked for 30 minutes. To unlock your account:

2. Login with your zID and zPass.
3. Click the unlock link.
4. Logout and retry the Blackboard login again.

Incorrect credentials

If you can’t login to the Identity Management site this means you are using incorrect login credentials. To resolve this issue please contact the IT Service Centre as outlined below.

If you can’t login to UNSW Blackboard after you have successfully activated or unlocked your zPass, try clearing your browser cache and cookies:

- In the Firefox browser this is done via Tools>Clear Private Data.
- In the Internet Explorer browser it is Tools>Delete Browsing History

Expired passwords

Your zPass needs to be changed every 6 months, failure to do so will mean you can’t log in to UNSW Blackboard. Go to the Identity Management site to change your password if you find yourself unable to login to Blackboard.

Technical Support for Using UNSW Blackboard

If you don’t have a zPass, or have forgotten it, you should contact the IT Service Centre for assistance. All other support requests for TELT services should also be directed to the IT Service Centre.

Phone: +61 2 9385 1333
Email: ITservicecentre@unsw.edu.au

For locations of the walk-in Service Centre, see: http://www.it.unsw.edu.au/support/servdesk/servicedesk_home.html
Exploring the Blackboard Home Tab

After logging in to UNSW Blackboard, the contents of the Blackboard Home tab are displayed. It contains the My Courses module which lists all the courses to which you have access.

Figure 2.1

- Take Note
  1. From the page header go to My Places where you can edit your settings, Blackboard Home page to access notices and courses, Help to launch the User Manual, or Logout to ensure no one else using the same computer can access your account.
  2. My Courses – a list of all your courses that have a Blackboard site and the Blackboard Student Orientation site, if you have self-enrolled into it. See notes below about course availability.
  3. Blackboard System Announcements – this is where you will be notified about upcoming scheduled outages or other important messages from the System Administrator.
4 My Announcements – displays announcements for all the courses in which you are enrolled. It may also contain announcements from the system administrator. Click more... to see older announcements.

5 My Calendar – view all items from all courses on your Calendar. You also have the option to add and modify personal events. Click more... to create a personal event.

6 My Tasks – view all your tasks, including those from the Courses you are participating in and your personal tasks. You can create your own tasks and post them to the Tasks page. Click more... to create and manage tasks.

7 Help with learning to use Blackboard – follow the links to self enrol into an Orientation Course for self-exploration of the course interface, or to access the support Web site.

Information modules – view other modules, such as University Services links, Service Centre Support contact details, and a special module to allow you to sync notifications from Blackboard Learn with your iPhone or Facebook.

The Notifications Dashboard

On the Blackboard Home Page you will see a Notifications Dashboard tab. The Notifications Dashboard displays notifications for changes to items. These notifications are displayed in two modules – What’s New and To Do.

![Notifications Dashboard](image)

Figure 2.2

To Do displays information about any assessments, assignments or surveys that have a due date.

What’s New displays information about unread communications (e.g. discussion posts, blog posts) and any new created items (e.g. tests, assignments, announcements etc).

All the notifications settings are configurable.
Missing Courses

You should see a list of all your courses that have a Blackboard site inside the module called My Courses on the homepage tab. Click on the title of a course to enter it. If you see the word “unavailable” next to a course title this means the lecturer has not yet opened the course for students.

If you are expecting to find a course that is not listed, there are a few possible reasons:

1. Either the course has not yet been made available by your lecturer or there is no Blackboard site for the course. Ask your lecturer if they will be using UNSW Blackboard or another online learning management system for the course, and if so, when it will be made available.

2. Your enrolment in the Blackboard course has not yet been processed. Wait at least 24 hours after enrolment to see the course appear in Blackboard.

3. You are not correctly enrolled in the course. Check that your enrolment is correct in myUNSW.

4. Finally, if you know that a Blackboard site for the course has been made available and you are correctly enrolled in myUNSW but still can’t see it listed, contact the IT Service Centre to investigate your Blackboard enrolment.
The Course Environment

Each course will vary depending on how the lecturer has designed the course. However, there are some common features.

![Figure 3](image)

**Take Note**

1. **Page Header** – identical to the page header you saw upon logging in. The Blackboard Home tab on the Page Header enables you to navigate back to the My Courses list to access other courses.

2. **Course Menu** – the access point for all course content. Lecturers decide which links are available and how the menu is organised.

3. **Content frame** – the area next to the menu displays the selected tool or content area. By default, when you enter a course, the Home Page appears. The lecturer can choose which menu link appears as your Home Page.
Exploring the Home Page

The Home Page usually contains modules that provide you with an intuitive way to navigate through Blackboard, and keep abreast of content additions and due dates through notifications. The two most relevant modules are My Announcements and My Calendar.

Figure 4.1

▲ Take Note

1. What’s New – contains links to any new content such as assignments, tests, newly graded items, and unread Discussion Forum messages.

2. To Do – is divided into What’s Past Due and What’s Due. These provide a chronological listing of upcoming due dates to be used as the launching point for a student’s daily course work.

But remember, your lecturer may not have chosen to provide these modules in your Blackboard course site.
Module contextual menus

![Diagarm of module contextual menus](image)

**Take Note**

1. Use the Action Link to access contextual menus displaying options.
2. Use the Actions contextual menu to expand, collapse, or dismiss all items in the module. When items are dismissed, they are deleted from the Notification module.

![Diagarm of contextual menu options](image)

Each item in a module has a contextual menu to open or dismiss the item. When an item is opened, you are taken directly to the content.
Accessing Course Content and Tools

Take Note
Access all course content from the Course Menu. It can contain links to the following:

1. Content Areas – top level containers that organise and store course content, such as lecture notes, assignments, and tests. In the example above the content areas are called Learning Activities 1 and Learning Activities 2.

2. Individual tools – such as Discussions, Groups, and Blogs.

3. External links – such as web sites used for an assignment.

4. Course links – direct links to content inside the course, also available as links on a Content Area page.

5. Module pages – pages that contain modules such as What’s New and My Calendar. The Home Page is an example of a module page.
Course Menu views

Figure 5.2

- **Take Note**
  You can change what is displayed in the Course Menu, and where the menu itself is displayed.

1. List View – displays the top level of the Course Menu only.
2. Folder View – displays the entire hierarchy of material. Expand and collapse folders, and access links within folders.
3. Display Course Menu in a Window – displays the Course Menu in a separate window. The window can be moved to a different screen location.
4. Expand or Collapse Menu – Collapse the Course Menu for more viewing space in the content frame. Use in conjunction with Display Course Menu in a Window to customise the viewing area.
5. Collapse or Expand the Course Menu in the sidebar – collapse the links in the Course Menu.
6. Go to Course Home Page – return to the page chosen by the lecturer as the starting point.
Accessing Content in Content Areas

A Content Area can contain multiple components. For example, the lecturer may create a Content Area containing a week’s worth of course material, such as readings, an assignment, a discussion forum, and an external link.

![Image of Blackboard interface]

Figure 6.1

► Take Note
To navigate Content Areas:

1. On the Course Menu, click the name of the Content Area. The content appears in the content frame.

2. In the content frame, click a link to access its content, such as a Discussion Board link or a file link.
The table below identifies some of the components commonly added to Content Areas. The word item is used as a generic term meaning any one of the components added to a Content Area.

<table>
<thead>
<tr>
<th>SYMBOL</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Folder – further organizes content</td>
</tr>
<tr>
<td></td>
<td>Item – text or file</td>
</tr>
<tr>
<td></td>
<td>Assignment – link to an assignment</td>
</tr>
<tr>
<td></td>
<td>Course Tool or Course Link – link to a tool or other area in course</td>
</tr>
<tr>
<td></td>
<td>External Link – link to a Web site</td>
</tr>
<tr>
<td></td>
<td>Test – link to a test</td>
</tr>
</tbody>
</table>

NOTE: You may see different icons than shown above.

Breadcrumbs

As you view the items and links presented in a Content Area, use the breadcrumbs to navigate to previous pages. In the example below, click the title of the course in the breadcrumbs to return to the course Home Page.

NOTE:

1. Do NOT use your browser navigation buttons.
2. If you cannot see the breadcrumbs you may need to scroll up to the top of the content frame.
Using the Tools Link

The Tools link contains links to all of the tools the lecturer has made available in the course.

![Diagram of Blackboard interface showing the Tools link](image)

**QUICK STEPS:** accessing tools using the Tools link

1. From the Course Menu, click Tools.
2. Click the name of the tool to access.
Going further

This document is designed to get you started quickly with UNSW Blackboard. To learn more, log in to Blackboard and self-enrol in the UNSW Blackboard Student Orientation course. This online course will give you an opportunity to try out the tools and familiarise yourself with using Blackboard in preparation for your online courses.

Glossary

<table>
<thead>
<tr>
<th>Blackboard Learn v9</th>
<th>The product name and version number of the software behind UNSW Blackboard.</th>
</tr>
</thead>
<tbody>
<tr>
<td>LMS</td>
<td>Learning Management System – a type of software that supports online learning activities.</td>
</tr>
<tr>
<td>Moodle</td>
<td>An LMS that is being piloted during 2010 with the intention of running it beyond the pilot phase as an alternative system alongside UNSW Blackboard.</td>
</tr>
<tr>
<td>My eLearning Vista</td>
<td>The main LMS used at UNSW prior to UNSW Blackboard that is being phased out during 2010.</td>
</tr>
<tr>
<td>UniPass</td>
<td>The University’s original password system that is being gradually phased out, but is still needed for some systems during 2010.</td>
</tr>
<tr>
<td>UNSW Blackboard</td>
<td>A web-based application used for online learning activities, otherwise known as a learning management system.</td>
</tr>
<tr>
<td>zID</td>
<td>A user ID for logging into UNSW Blackboard consisting of a lower case ‘z’ followed by the users Staff or Student Number.</td>
</tr>
<tr>
<td>zPass</td>
<td>The password that is associated with a user’s zID.</td>
</tr>
<tr>
<td>UNSW Identity Manager</td>
<td>An Identity Management System that enables users to manage their UniPass and zPass passwords and UNSW email account attributes. See <a href="http://www.idm.unsw.edu.au">www.idm.unsw.edu.au</a>.</td>
</tr>
<tr>
<td>TELT</td>
<td>TELT, or Technology Enabled Learning and Teaching, is the suite of technologies and applications that support learning and teaching at UNSW.</td>
</tr>
<tr>
<td>TELT Gateway</td>
<td>The web site which is the central access point for all the applications currently available on the platform with login links or instructions on how to sign up for each service. Training resources and support information to help users is also linked to this Gateway. See telt.unsw.edu.au.</td>
</tr>
